

COMPANY PROFILE

BACKGROUND:

NHC PHARMACEUTICALS LIMITED, was incorporated in NOVEMBER 2012.

The establishment of the company was borne out of the need to proffer a credible alternative to the chaotic drug distribution in Nigeria which often cast doubts on the authenticity and potency of pharmaceuticals procured by pharmacies and hospitals and ultimately hamper the health of many Nigerians. As pharmaceutical wholesalers, we bridge the gap between companies that do not want to compromise the quality of products sourced and suppliers who are conscious of the fact that quality processes must be maintained throughout the value chain. We rely on our extensive network of partners across the globe to source and procure genuine pharmaceuticals and sundry items, ensuring that the potency is not compromised in transit to the customer.

Operations began in July 2014 from our location at ACME Road, Ogba. In August 2019, as part of the activities commemorating our fifth year anniversary, a branch office (located along Lagos Abeokuta Expressway, Olomoore, Abeokuta in Ogun State) was opened. Our customer database spans across the country with 75% of our customers drawn from Lagos State.

VISION

Our vision is to build a world class company where employees are inspired to put in their best and in so doing, add value to a network of customers and suppliers.

MISSION

We proffer solutions to the myriad of challenges our partners are faced with by deploying creative, innovative products and services that add value to our partners' businesses.

CORE VALUES

- Value Addition
- Innovation
- Integrity
- Professionalism

CORPORATE FOCUS

Our focus is to make available to our teeming customers across the country, high quality pharmaceutical products that are stored and transported in accordance with WHO good distribution guidelines. We partner with reputable manufacturing companies, distributors and importers who are conscious of the need to ensure that the quality of their products is not compromised till they get to the final consumer. As a company, we embrace relevant technology that will enhance the delivery of our objectives.

OUR ACTIVITIES:

We are registered with the Pharmacist Council of Nigeria and licensed to carry out the following activities among other things:

- ✓ Operate as a Licensed Pharmaceutical Company.
- ✓ Source and procure pharmaceuticals and medical products from any part of the world.
- ✓ Act as manufacturer's representative / distributor of pharmaceutical products.

Our core strength lies in our ability to source products from across the globe, a trait that is borne out of our in-depth knowledge (with 22 years cumulative experience) of the pharmaceutical business locally and on the global scene.

As core professionals, our processes are guided by standard operating guidelines and good distribution guidelines in line with international best practice.

REPRESENTATIONS:

NHC Pharmaceuticals represents many reputable pharmaceutical manufacturers and importers as distributors of their products. Some of these companies include Pfizer Specialties, Astra Zeneca, Biofem, Bayer Schering, Sanofi, Fidson, Swipha, Bentos, Emzor, Evans, Clarion, Afrab Chem, Mopson, SKG and many others.
